

Introducing  
the new

at&t

**Historically,  
mergers come with a winner and a loser.  
This isn't the last time we'll rewrite history.**

Two companies of equal strength. Icons of innovation, service and progress. When AT&T's passion to invent joins SBC's drive to deliver, the victory goes to businesses, households, local communities and global ones. For everyone, the wait is over. And the simpler, stronger way is here. [www.TheNewATT.com](http://www.TheNewATT.com)
